400
A
Find A Nearest Neighbor Of The Forecast In The Test Dataset
445
Classy The Forecast Into One Of The Weather Classes Based On The Nearest Neighbor
450
Determine Confidence Intervals Of The Forecast
455
Is The Confidence Interval Larger Than A Threshold?
460
465
Decrease Output Of The Solar Power Generating Device And Increase Output Of The Non-Solar Power Generating Device
470
Increase Output Of The Solar Power Generating Device And Decrease Output Of The Non-Solar Power Generating Device
