Start 700
Provide an electroactive polymer device 705
Provide an electromotive force generator 710
Operatively couple the electromotive force generator to the electroactive polymer device 715
Affix a graphical image to at least one exposed surface of the electroactive polymer device 720
Affixing processes
• Painting
• Dye Sublimation
• Silk Screening
• Adhesive 725
Multiple active regions ?
Yes
730
No
End 735

FIG. 7
