

visually perceptible representations of the plurality of differing games of chance played on a single screen display, comprising:

initially providing a player with a first game of chance of the plurality of differing games of chance;

playing the first game of chance to a specific, at least partial game outcome;

responsive to the specific, at least partial game outcome, providing the player with a second game of chance of the plurality of differing games of chance; and

playing the first game of chance mutually concurrently with the second game of chance.

55. The method of claim 54, wherein the first game of chance differs from the second game of chance.

56. The method of claim 54, wherein the first game of chance is the same as the second game of chance.

57. The method of claim 54, further comprising providing the player with a third game of chance of the plurality of differing games of chance responsive to at least one specific, at least partial game outcome from playing the first game of chance mutually concurrently with the second game of chance.

58. The method of claim 57, further comprising playing the first game of chance mutually concurrently with the second game of chance and the third game of chance.

59. The method of claim 58, wherein the first game of chance, the second game of chance, and the third game of chance mutually differ from one another.

60. A method of conducting a wagering game of chance on a gaming device, comprising:

providing a player with a plurality of mutually differing games of chance displayed on a single screen display of the gaming device;

providing the player with a first round of play in which to achieve a specific outcome in at least one of the plurality of mutually differing games of chance;

mutually concurrently playing the plurality of mutually differing games of chance to a specific outcome in at least one of the plurality of mutually differing games of chance;

freezing play of the at least one of the plurality of mutually differing games of chance;

providing the player with a second round of play in which to achieve a specific outcome in the remaining mutually differing games of chance; and

mutually concurrently playing the remaining mutually differing games of chance by the player to a specific outcome in at least one of the remaining mutually differing games of chance.

61. The method of claim 60 wherein each of the first and second rounds of play comprise a predetermined number of plays or a predetermined time period in which to achieve a specific outcome in at least one of the plurality of mutually differing games of chance.

62. The method of claim 61, further comprising resetting play of the gaming device if the player does not achieve a specific outcome in at least one of the plurality of mutually differing games of chance during the first round of play.

63. The method of claim 61, further comprising resetting play of the gaming device if the player does not achieve a specific outcome in at least one of the remaining mutually differing games of chance during the second round of play.

64. The method of claim 60, further comprising paying an award for each of the specific outcomes.

65. The method of claim 64, wherein an award of an increasing amount is paid for each specific outcome achieved during play of the remaining mutually differing games of chance after the first round of play.

66. (Amended) The method of claim 60, wherein said providing the player with the plurality of mutually differing games of chance comprises providing the player with at least four mutually differing games of chance, and further comprising providing the player with at least a third and fourth round of play until a specific outcome is achieved in each of the at least four mutually differing games of chance.

67. (Amended) The method of claim 60, further comprising providing at least one other gaming device linked to the gaming device, the at least one other gaming device provided with the plurality of mutually differing games of chance displayable on a gaming screen thereof, and further comprising permitting a player at the at least one other gaming device to mutually concurrently participate in at least the first round of play.

68. The method of claim 67, further comprising paying an award for each of the specific outcomes to the player achieving the specific outcome.

69. The method of claim 60, wherein the plurality of mutually differing games of chance are selected from the group consisting of blackjack games, poker games, reel slot machine games, keno games, bingo games, roulette games, and craps games.
